STATE SPECIAL TRANSPORT SERVICE

Activities and needs in the field of Mine Action of State Special Transport Service (SSTS)

State Special Transport Service was established on 5 February 2004 in accordance with the Law of Ukraine "On State Special Transport Service"

• From 2004 till 2017 – subordinated to the Ministry of Infrastructure of Ukraine

 2017 – re-subordinated to the Ministry of Defence of Ukraine with the goal of improvement of security and defence management system

Demining tasks, performed by SSTS

- Demining (clearance) of bridges
- Demining (clearance) of highways and roads
- Demining (clearance) of railways
- Demining (clearance) of territories, adjacent to the objects of infrastructure, including agricultural fields
- Underwater clearance (places of building, inspection during reconstruction of the bridges, port infrastructure)
- Demining (clearance) of industrial objects and critical infrastructure

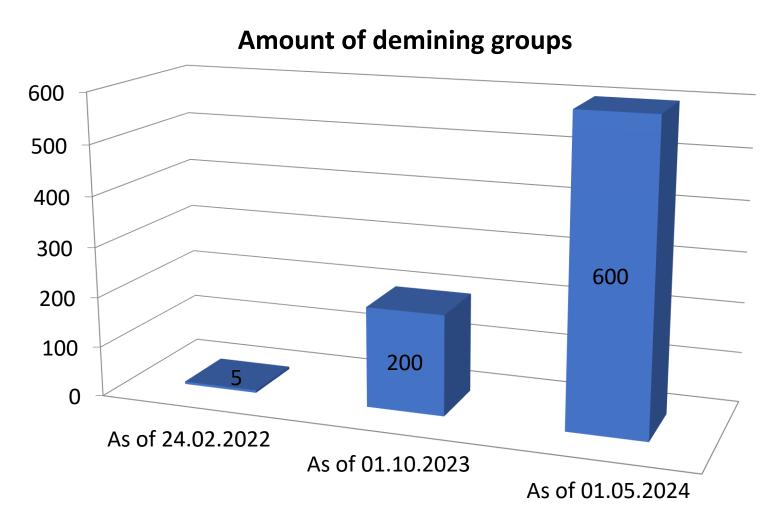

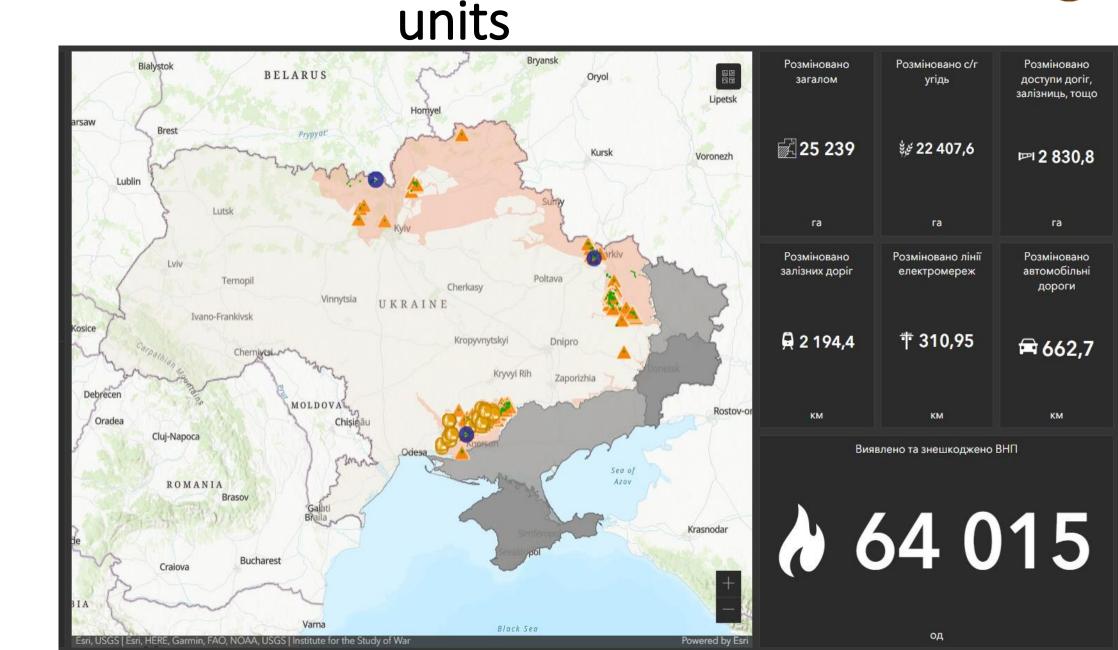

Increase in amount of demining groups of SSTS

Current status of humanitarian demining by SSTS

Certification process

Current progress in certification of mine action of SSTS units (national standard DSTU 8820:2023):

- Non-technical survey;
- Technical survey;
- Manual clearance;
- Battle area clearance;
- Explosive ordnance destruction/disposal.

Planned certification of mine action process:

- Mechanical demining operations;
- Underwater survey and clearance of explosive ordnance.

Demand in material and technical assistance

 Modern automotive engineering for transportation of personnel and explosive objects

 Equipment for search of explosive ordnance

Safety equipment

Demand in material and technical assistance

Tools for demining activities

 Diving equipment for groups of underwater survey and clearance

 Mechanized demining equipment – robotic\unmanned systems

Demand in training

- Training in technical and non-technical survey
- Quality management training
- Information management training (IMSMA Core)
- Humanitarian demining EOD 1,2,3,3+ trainings IMAS
- Mechanized demining
- Underwater EOD

IMSMA Core
